# Art Works

## POLY LUMBER

Poly Lumber is made from recycled milk jugs and has the appearance of wood. Poly Lumber will not splinter, rot, or peel, and it will never need to be painted or sealed. Our lawn furniture is assembled with all stainless steel hardware, and aluminum angle bracing is used where needed for added support. Poly Lawn Furniture is not affected by the elements, so it can be left outdoors year round.

### BUILT FOR A LIFETIME

*Prices subject to change without notice.*

our swings all come with springs and stainless steel chain.

#### POLY COLORS

#### WOOD GRAIN POLY COLORS

*add 10% on price for Wood Grain Colors*
